Tuition Policy: Tuition costs are figured annually for the 9 month school year (September through May). Each program offered by the preschool has a set annual tuition rate. Tuition invoicing and payments are managed by the billing component of the Brightwheel tool.

Monthly Payment Plan:

- An **Initial Tuition Deposit** equal to the amount of 2 months' tuition is required for each enrolled program and due on or before May 15, 2026. The Initial Deposit is applied to the First/Last (Sept/May) months of the school year payment schedule.
- **Monthly invoices** for the remaining tuition balance, payments begin Oct 2026 and run up to and including April 2027. All monthly tuition payments (**October through April**) are due on the 7th of each month. A late fee of \$15 is assessed if unpaid by the 10th of the month.
- ***Note:** You may choose to pay the tuition balance in full at any time, as long as the required Initial Deposit, equal to the amount of 2 months' tuition, is met on or before May 15, 2026.

Refunds and Withdrawals:

- The \$75 Registration Fee and the amount equal to 1 month tuition cost is non-refundable upon withdrawal from an enrolled program at any time.
- No refunds are given for illness, vacations, or storm days. Days missed due to illness, family vacations, or weather-related school closings are not made up. Falling one month behind in tuition payments may result in exclusion from the program until payment is made. If withdrawal during the year is necessary, 30 days' written notice is required.
